GATEWAY FOR CHINESE

Concession Before the Mexican Congress That Is Dangerous.

CAN CROSS BORDER.

A Plan on Foot by San Francisco Parties to Bring Coolies to Mexico and No Restrictions Placed as to the Number.

San Francisco, Nov. 26.—According to the Mexican parliamentary chronicle, the minister of public works and colonization of Mexico has recommended for passage by the Mexican congress a measure which has important bearing on the Chinese immigration question. It is a bill granting concession to M. F. Tarpey, John T. Bennett, or any company they may form, giving them the entire fishing privileges of the Mexican coast on the Pacific ocean, contingent on their building and operating a steamship line between Mexico and China, and another line for coast trade. The company is to be free from taxation of any kind and be allowed to land passengers anywhere on the Mexican coast, which is more than 1,000 miles in extent.

In January of this year Mr Tarpey, who is a well known politician, was president of the Pacific Charter company, that claimed to have secured concessions from the Mexican government to establish steamship lines between Mexico and China for the purpose of colonizing the Mexican republic with 1,000,000 coolie laborers, many of whom it was feared might cross into the United States.

John F. Bennett is attorney for the Chinese consulate in this city, and it is pointed out that the concessions the Mexican congress is asked to grant to him and associates are similar to those of the Pacific Charter company, of which the same men were organizers, and which he claimed were received nearly a year ago.

Pittsburg Switchmen Strike.

Pittsburg, Nov. 26.—A strike for increased wages of all switchmen belonging to the Switchmen's Union of North America, in Pittsburg district, was inaugurated early this morning. Reports have not been received from all yards, but the officials of the union say it effects every road entering Pittsburg, except Pittsburg, Fort Wayne and Chicago and Pittsburg, Cincinnati, Chicago and St. Louis, and all private individuals and corporations. There are between 600 and 1,000 members of the local organization and the union officials claim the response was general. Whether the strikers will secure the support of other railroad men cannot be learned at this time.

Trial of Mrs. Bonine.

Washington, Nov. 26.—The principal witness so far in the case of Mrs. Lola Ida Bonine, charged with the murder of James Seymour Ayres, was George B. Gardner, an attorney in the interior department, who with his family occupied rooms under the suite occupied by the Bonines in the Kenmore hotel. His testimony was new. The fact was brought out that Mrs. Bonine had made her first confession to him. This confession was that she had killed Ayres in a scuffle that ensued, when, she asserted, he attempted to assault her.

Ex-Queen Lili Goes East.

Salt Lake City, Nov. 26.—After a three days' stay in this city, during which time she was the guest of honor at numerous entertainments and receptions, ex-Queen Liliuokalani, of the Hawaiian Islands, left for the east. She will go direct to New York, where she intends to place her son in private school. From New York she will go to Washington, where she will remain the greater portion of the winter.

Unknown Vessel Went Down.

New York, Nov. 26.—A large square-rigged vessel possible went down in the recent sale of Dacriware capes. Whether her crew went down with her or have been saved may not be known for some time, for if picked up they might be taken across the Atlantic. Upon survival of the crew probably will depend whether name of ship will ever be known.

Smuggler-Union Mine Disaster.

Telluride, Colo., Nov. 26.—The coroner's jury which investigated the Smuggler-Union disaster in which 21 men lost their lives found a verdict censuring some of the mine officials at the mine for not promptly closing the entrance to the bullion tunnel after the fire originated, but finding officers of the company not guilty of criminal or willful negligence.

Special Officer Fatally Shot.

Chicago, Nov. 26.—Geo. Parden, a special officer employed at the Alhambra theater, was shot and probably fatally wounded during a performance while attempting to quell a disturbance in the gallery. He is now at St.

Lukes hospital with a bullet in his breast, and physicians say his chances for recovery are slight. Three arrests made.

Mrs. Hooks Did Not Plead.

Memphis, Nov. 26.—Mrs. Georgia Emma Hooks, who was indicted by the grand jury on Saturday last for the murder of her husband did not plead to the indictment Monday, as was expected. Her attorneys say that no special time has been set for the plea to be entered.

BOILER EXPLODED.

Several Persons Killed, Many Injured and Building Destroyed.

Detroit, Nov. 26.—The boiler in the factory of Penberthy Injector company exploded here with such terrific force that it demolished the entire three-story brick building in which it was located. Inside the structure were some 50 employees at work. More than half these were more or less seriously injured, and several killed.

The dead thus far ascertained are: Samuel Reilly.

John Frey.

Richard Ryan.

The foreman of the works asserts that several bodies will yet be taken from the ruins.

Several employees are missing.

The property loss is estimated at \$150,000, partly insured.

Three others of the injured taken to the emergency hospitals died within the last half hour.

Two other bodies are in sight in the ruins.

Firemen and a large gang of board of works' employees are working on the ruins.

Lumber Manufacturers to Combine.

Seattle, Wash., Nov. 26.—It is rumored that a combination of Pacific coast lumber manufacturers is to be formed which will control the entire output of the coast. It is said the Pacific Coast Lumber Manufacturers' association will control the combination. The cause of the movement is stated to be the fact that freight rates east are so great that western manufacturers are unable to put their products in western cities with any degree of profit. The proposed plan of the lumber men is to make themselves so strong that they can control the product of the coast, sending it east by a fleet of lumber vessels around the horn.

Shaffer Denies Assessment.
Pittsburg, Nov. 26.—President Shaffer of the Amalgamated association denied the report from Wheeling that the various lodges in that district are to vote on an emergency assessment for the creation of a gigantic strike fund by the time the agreement with the United States Steel corporation expires eight months hence. He says that about six or eight weeks ago he authorized the levying of an assessment of 10 per cent, but this was to make up a fun having for its purpose the caring for men who since the great strike has been unable to secure employment.

Chicago, Nov. 26.—Four employees of the Grand Pacific hotel have been arrested charged with the theft of \$1,400 worth of silver, cut glass, and other hotel materials. BURNED IN EFFIGY.

Commissioner Denne Censured for the Release of Negro.

Guthrie, O. T., Nov. 26.—United States Commissioner R. S. Denne was burned in effigy Monday night by an assemblage of 500 people of Roff, I. T., and vicinity. This action was caused by Denne's dismissal of a negro prisoner, Jeff Walker, who seriously stabbed a white man, W. L. Robertson in Roff last Saturday. An attempt was made to lynch the negro. George White, a supposed leader is now in jail at Ardmore for severely thrashing Denne after the latter had liberated Walker. White was arrested on Denne's order and sentenced to three months' imprisonment and \$250 fine. A mob was formed and is now looking for Walker, whom they declare they will burn if found. Robertson may die.

Shot by a School Teacher.

Texarkana, Tex., Nov. 26.—Capt. George T. Locke, a former citizen of this place, but for the last two years residing at DeQueen, Ark., fifty miles north of here on the Kansas City Southern Railway, was shot and fatally wounded at the latter place. Prof. Cobb, principal of the DeQueen public schools, is under arrest charged with the shooting. It is said that the affair grew out of the chastisement of a son of Locke's by the professor, who was assaulted by the latter with a horsewhip in retaliation. The professor declined to take the horsewhipping and fired on his assailant.

Shot by His Brother.

Longview, Tex., Nov. 26.—The son of M. M. Anthony, who lives about three miles east of this place, was accidentally shot through the head by his little brother John. The boys were in a room by themselves playing when John reached up on the mantel and took down a revolver, not thinking it was loaded, and snapped it at the other boy. The shot took effect in his left eye, and ranging downward came out in the back of the neck. It is not necessarily fatal, but one of his eyes is out. The boys are about 13 and 15 years old.

Colombian Gunboat Disappeared.

Washington, Nov. 25.—Secretary Long has received a cablegram from Commander McCrea, of Gunboat Machines, at Colon, stating Colombian gunboat General Pinzon had disappeared to east. It is believed here she has gone to Cartagena for troops.

BATTLE WITH LIBERALS.

Colombian Troops Attacks Them and Wins, but Another Fight Sure. Colon, Nov. 26.—At 3:30 Monday afternoon at the head of several hundred men, General Alba left Panama by train for Empire Station, where the Liberals were reported to be in fairly strong numbers. His purpose was to surprise and rout them.

The train bearing these troops was held up just before it arrived at Culebra Station, owing to the Liberals opening fire on Alba's advance guard. Alba disembarked his men from the train, which returned to Panama. The fighting at Culebra lasted from 4:40 until 9 p.m.

The government troops advanced and the fighting was stubborn all along the railroad line until Empire Station, a mile and a half distant, was reached. The Liberals retreated slowly, Alba's men following them, until the latter eventually reached Matchin Station. Here General Alba met and conferred with Captain Perry of the Iowa, who was returning from Colon on an armored train.

It is understood that Perry will not allow the railroad to transport troops, consequently General Alba and his men were forced to push ahead on foot. It is said here that they thus reached San Pablo, where the Liberals are in force, and that fighting is taking place there. The Liberals are under the command of General Lugo.

Between the stations of Culebra and Empire Stations over 150 killed and wounded men could be seen along the track. There is no proper Red Cross organization and the wounded lacked care.

The Liberals at Colon declare the majority of the men killed on the line to be government troops and that the rebels are still in force along the railroad.

In government circles in Panama there is still entire confidence in Gen. Alba and it is believed there that he is able to cope with the present situation and successfully overcome the apparently insurmountable difficulties before him. It is estimated the government has 400 men at Panama.

The breastworks on the railroad bridge that leads into Panama, as well as those erected inside the city, have been demolished by the government.

An agreeable surprise is in store for the theater patrons who enjoy good, wholesome musical farce comedies, and more especially that the distinguished comedian, James T. Kelly, will bring his excellent company of fun-makers, singers and dancers to the Grand opera house next Thursday and Friday nights, as well as for a holiday matinee Thanksgiving.

This is precisely the same attraction which has been touring the state at high prices, and has been vaunted upon to give three performances, with a change of bill, in Bryan at popular prices. Mr. Kelly is too well and favorably known to fun and music lovers to need any further endorsement, he has so long been identified with the best class of amusements that his name is a watchword of superior merit. With Mr. Kelly comes a whole bunch of jolly celebrities—people who know how to sing and dance and to "make merry."

To Cure Chills or Malaria in 4 Days. Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

BURNED IN EFFIGY.

Commissioner Denne Censured for the Release of a Negro.

Guthrie, O. T., Nov. 26.—United States Commissioner R. S. Denne was burned in effigy Monday night by an assemblage of 500 people of Roff, I. T., and vicinity. This action was caused by Denne's dismissal of a negro prisoner, Jeff Walker, who seriously stabbed a white man, W. L. Robertson in Roff last Saturday. An attempt was made to lynch the negro. George White, a supposed leader is now in jail at Ardmore for severely thrashing Denne after the latter had liberated Walker. White was arrested on Denne's order and sentenced to three months imprisonment and \$250 fine. A mob was formed and is now looking for Walker, whom they declare they will burn if found. Robertson may die.

Shot by a School Teacher.

Texarkana, Tex., Nov. 26.—Capt. George T. Locke, a former citizen of this place, but for the last two years residing at DeQueen, Ark., fifty miles north of here on the Kansas City Southern Railway, was shot and fatally wounded at the latter place. Prof. Cobb, principal of the DeQueen public schools, is under arrest charged with the shooting. It is said that the affair grew out of the chastisement of a son of Locke's by the professor, who was assaulted by the latter with a horsewhip in retaliation. The professor declined to take the horsewhip and fired on his assailant.

Shot by His Brother.

Longview, Tex., Nov. 26.—The son of M. M. Anthony, who lives about three miles east of this place, was accidentally shot through the head by his little brother John. The boys were in a room by themselves playing, when John reached up on the mantel and took down a revolver, not thinking it was loaded, and snapped it at the other boy. The shot took effect in his left eye, and ranging downward came out in the back of the neck. It is not necessarily fatal, but one of his eyes is out. The boys are about 13 and 15 years old.

Columbian Gunboat Disappeared.

Washington, Nov. 26.—Secretary Long has received a cablegram from Commander McCrea, of Gunboat Maekias, at Colon, stating Colombian gunboat General Pinzon had disappeared to east. It is believed here she has gone to Cartagena for troops.

A BAGGAGE CHECK COMPANY.

James T. Kelly and his Comedy Companions, in Matinee and Two Night Performances.

There are unmistakable signs of a land office business at the Grand opera house the latter part of this week, with the musical farce comedies of James T. Kelly and his deserving comedy company.

The relaxation from business cares that comes with the glad thanksgiving time puts our people in a receptive mood to enjoy the healthful laughter induced by the clever antics of fun makers, and the musical numbers of up-to-date fancy.

That Mr. Kelly and his talented people will furnish such a stimulant can not be questioned. One has only to glance over the newspaper record of this company in order to be assured of an evening's unmitigated pleasure and pastime.

The opening bill, "Fun in a Boarding School," which is scheduled for Thursday (Thanksgiving) matinee, is in its a cordial invitation to witness such a conglomeration of non-sensical absurdities as can not be measurable thoughts.

"Little Havana" small but good.

those who find it extremely difficult otherwise to banish the serious problems which vex and annoy every day life. The same bill will be presented Thursday night.

The bill for Friday night is "A Victim of Circumstances," the title of which conveys the curious and comical side of human nature, and brings forward the amusing perplexities of mistaken identity.

This company have been playing in the larger cities of the state, as newspaper readers are aware, to large and appreciative audiences.

Mr. Mike has booked them here at popular prices—25, 35 and 50 cents, and tickets are now on sale. If you wait until the last day you will perhaps not have your choice of seats, for the tickets will go like hot cakes when the rush begins.

Notice to Users of Gasoline Lamps.

Insurance companies have given us notice that hereafter an additional charge of 25¢ on \$100 will be made for first gasoline lamp in use and 10¢ on \$100 for each additional lamp in use; that is 25 cents on the \$100 for one lamp, 35 cents for two lamps, 45 cents for three lamps and so on.

Holiday Opening.

The annual holiday opening of the Wilson-Jenkins Drug Company attracted a large, appreciative throng last night, and those who visited the display were amply repaid by its elegance and attractiveness. The enterprising firm has surpassed all previous efforts in the stock shown this year, both in extent and variety. The taste shown in arrangement was in keeping with the beauty of the wares, and the brilliant lights and Mexican music completed the gala effect. Beautiful souvenir calendars were given out. The display includes French, Austrian and Bohemian China, rare Japanese vases, exquisite cut glass, pictures, cameo and Indian plaques, vases, medallion plates, statuary, lamps, mirrors, novelties of every description, dolls, toys, etc. After the opening a ball was given to the young people by the firm at the Stoddard building in the Exchange hotel block.

Franklin Brothers report the biggest business they have had in years, owing to the popularity of their fine meats. This is gratifying, as these boys deserve a good trade. They slaughter only good cattle, and refrigerate all their meats. d308

To the Insurance Public.

Owing to the extra hazard caused by the use of gasoline vapor lamps, companies represented by this agency will, from this date, charge an extra premium for lamps that have been approved, as follows: 25 cents per \$100, for first lamp and 10 cents per \$100 for each additional lamp. This charge will not affect policies now in force, where such permits have already been given, until renewal.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get all Dr. G. G. Green's reliable remedies at the Wilson-Jenkins Drug Co.'s store, Bryan. Get Green's Special Almanac.

SCENE FROM D. E. LESTER & CO'S Immense Production of At Valley Forge..

By WM. L. ROBERTS

A pretty love story is woven throughout the events of the play and there are many striking climaxes.—*St. Louis Globe-Democrat.*

THE SOCIETY EVENT OF THE SEASON.

Grand Opera House, November 30th.

AWAITING RESULTS.

The Breweries in No Hurry to Con-
fess Judgment.

CHARTERS AT STAKE

They Will Watch the Reorganization
the Texas Brewing Company and
the Action of the Officials
in Admitting It.

Austin, Nov 26—It has been noticed here that only one brewing company has confessed judgment, and that the others have not followed. It is rumored that on account of the question of reincorporation the breweries are waiting to see what will be the action when the Texas Brewing company applies for a new charter. All of the charters will be forfeited, and all will doubtless apply for a new charter using the same name and incorporators. In the event a charter is refused the same incorporates the breweries will be in a serious predicament. Secretary of State Tod was seen and refused to commit himself, which to some indicates that he will not file the charters unless mandated.

Attorney General Bell was asked for his opinion. He said he did not care to cross a bridge until he reached it.

There was a great diversity of opinion when the Waters-Pierce Oil company was readmitted, though it was shown that it possessed an entirely new board of directors, which may not be the case with the breweries.

To Mandamus Rogan.

Austin, Nov. 26.—A mandamus is to be filed against Land Commissioner Rogan to compel him to set aside a reinstatement of sale of three sections of school land located in DeWitt county.

The original sale was made to W. H. Crain, but forfeited. The courts held the forfeiture for naught, but the land had been sold to another party. The Crain heirs tendered all back interest and principal, which was accepted under the court decision and the subsequent sale canceled and the Crain account reinstated. The ousted party will seek by mandamus to compel the cancellation of the reinstatement.

To Locate Experiment Station.

Austin, Nov. 26.—Commissioner of Agriculture Jefferson Johnson, ex-officio member of the board of directors of the Agricultural and Mechanical college and a member of the subcommittee to locate the additional agricultural experimental station has left for Troup. At that place he will be joined by F. A. Reichardt of Houston and Dr. C. N. Oliver of Douglasville, also members of the subcommittee. The subcommittee will investigate the inducements offered by Troup and Lincolne, in Smith county, and Athens, in Henderson county. One of these three places is to be selected as the site for the new station.

Died of His Wounds.

Texarkana, Tex., Nov. 26.—Ed Rockelle, formerly a deputy sheriff of this county, for some months the proprietor of a saloon on Red river, 15 miles northwest of here, was assaulted by unknown men Saturday night and so badly used that he died of his injuries. Three bullet holes were found in his body and his head had been beaten out to a jelly. When found he was in a somnolent condition and not quite unconscious. So far he was the murderer.
